Based on the target date of 2025 and on the expected return on investments, the board has targeted annual fundraising at \$100,000 for the endowment to be fully funded.

The Fundraising Steering Committee, which is chaired by the president and includes a regent, is responsible for coordinating fundraising activities. The committee is divided into three subcommittees: Local, Governmental, and International. The local subcommittee is charged with raising funds locally through various fundraising activities. The governmental subcommittee is charged with lobbying for legislation that supports the endowment. The international subcommittee is charged with seeking major donors and working with the alumni.
