Educational Mission

The College of Micronesia-FSM is a learner-centered institution of higher education that is committed to the success of the Federated States of Micronesia by providing academic and career & technical educational programs characterized by continuous improvement and best practices.

Vision

We provide quality education today for a successful tomorrow.

Strategic Directions

The College of Micronesia-FSM focuses on two major strategic directions over a five-year period 2018-2023, to achieve the COM-FSM vision.

Strategic Direction I: Innovate academic quality to ensure student success

Ensure student success by decreasing time to completion and increasing student satisfaction, persistence, retention, and graduation rates by innovating academic quality and enhancing student support services.

Nine measures of success have been identified to track progress to achieving Strategic Direction I.

Strategic Direction II: Strengthen resources to meet current and future needs.

Strengthen resources to meet current and future needs through revenue diversification, efficient use, innovation, effective allocation, conservation, infrastructure upgrades, and investment in human capital.

Eleven measures of success have been identified to track progress to achieving Strategic Direction II.

Institutional Student Learning Outcomes

COM-FSM graduates will demonstrate:

1. *Effective oral communication*: capacity to deliver prepared, purposeful presentations designed to increase knowledge, to foster understanding, or to promote change in the listeners' attitudes, values, beliefs, or behaviors.
2. *Effective written communication*: development and expression of ideas in writing through work in many genres and styles, utilizing different writing technologies, and mixing texts, data, and images through iterative experiences across the curriculum.
3. *Critical thinking*: a habit of mind characterized by the comprehensive exploration of issues, ideas, artifacts, and events before accepting or formulating an opinion or conclusion. 4. *Problem solving*: capacity to design, evaluate and implement a strategy to answer an open-ended question or achieve a desired goal.
5. *Intercultural knowledge and competence*: a set of cognitive, affective behavioral skills and characteristics that support effective and appropriate interaction in a variety of cultural contexts.
6. *Information literacy*: the ability to know when there is a need for information, to be able to identify, locate, evaluate, and effectively and responsibly use and share that information for the problem at hand.
