

COLLEGE OF MICRONESIA-FSM

BOARD POLICY No. 4913

Special Admissions to Associated Degree Programs

Date Adopted: 13 December 2017

Date Revised: 13-14 June 2023

Date Reviewed: 13 December 2017; 13-14 June 2023

References:

Students completing approved certificate programs with a “C” or better in the general education and program core requirements will be admitted to the associated degree program without re-sitting the COM-FSM Entrance Test (COMET).

Definitions

1. Approved certificate program — Curriculum Committee approve certificate program that has been modified with a guided pathway from the certificate to the associated degree program.
2. Associated degree program — any program that provides continued education in the same major field of study as the certificate program. A example is the Certificate of Achievement in Agriculture and Food Technology and the Associate of Science in Agriculture and Natural Resources Management.
