Information Technology Equipment Policy

Date Adopted: 21 May 2002

Date Revised: 24 May 2018

Date Reviewed: 24 May 2018

General Equipment

Computing resources and electronic information are provided to members of College of Micronesia-FSM (COM-FSM) faculty, staff, and student body and to authorized guests in order to accomplish the work of the college. Users of COM-FSM information systems are expected to conduct themselves in a manner consistent with the college's core values and principles of best practices. While this policy cannot address every possible situation that may arise, this policy delineates restrictions, expectations, and obligations that apply in particular to the electronic resources of the college.

College officials may implement additional action including, but not limited to, suspension of user accounts or initiation of disciplinary or legal action.

See Administrative Procedure 8800
