Request for Proposals for the
SIS Project: Financial Aid Process Enhancements

Project Goals

- Development of a Financial Aid Transcript including status of Pell life time eligibility and satisfactory academic progress calculations;
- Show release date on Award Batch report;
- Display Financial Aid holds in student portal and SIS to improve communication of Financial Aid issues with students.

Proposed Project Approach

This project aims to provide quick and accurate information on students' Pell Grant eligibility, status, time and credit balance.

The Programmer shall work with the COM-FSM Director of Information Technology to create the following General Enhancements in the SIS:

1. Improved search capacity for student identification, eliminating discrepancies in the current system and providing accurate students' information which is needed by Office of Admission and Records, Financial Aid Office, Counselors and Advisors.
2. Include listing of available sections on a student's IDP for advising and students' progress towards program completion.
3. Ability to re-print older receipts.
