

AGENDA ITEM 10.b

Presidential selection and evaluation processes

DISCUSSION: Standard IV.C.3 of the accreditation standards states “The governing board adheres to a clearly defined policy for selecting and evaluating the CEO of the college and/or the district/system.” While the enabling law and board bylaws and policy manual clearly state that it is the board’s responsibility to appoint and assess the president of the college, there are no clearly defined process for both the selecting and evaluating of the president. To be in compliance with this standard, clearly defined written processes are need. Attached are the process used by the college for identifying the current president and guidelines for presidential evaluation process provided by Wilson Hess during a board workshop for the board’s review and input. The processes will be presented at the May meeting for the board’s adoption.
