

AGENDA ITEM10.b

Revision to the Mission Statement

RECOMMENDED DIRECTIVE: The board hereby approves the following changes to the mission statement:

DISCUSSION:

Following the August 2016 Visioning Summit at the national campus and replication at the state campuses, the Strategic Plan Working Group (SPWG) reviewed the summit reports and identified themes. As it has been only three years in effect, there were no radical changes recommended. Only one change was recommended to emphasis career and technical education as a program. Several suggestion were also made to clarify areas where some concern had been expressed. The SPWG then conducted a college-wide survey with four options. The [Strategic Plan Working Group Mission Review and Recommendations Report](#) was presented to the executive committee who recommended that the top two options be presented to the board for adoption.
