

PRESIDENT'S MESSAGE

Welcome to the College of Micronesia-FSM. The college is a learner-centered institution committed to the success of the Federated States of Micronesia by providing academic and career and technical educational programs. The college has six campuses located across the four states of FSM. Students may select among 1 baccalaureate degree, 4 third-year certificates of achievement, 14 associate degrees, and 13 one-year certificates of achievement. We invite you to examine this catalog that provides information on each program, admissions, tuition and fees, financial aid, student and support services, and people.

The college offers small classes, experienced, friendly faculty and staff from around the world, and beautiful facilities. Students are and always will be our priority and the college is here to serve you. Student success is our success.

Exciting events at the college over the last year include implementing a Bachelor of Science in Elementary Education, implementing traditional navigation at FMI, providing Electronic Technicians Association certification testing, assisting U.S. veterans in accessing benefits, continuation of the dentists and doctors for tomorrow study program, story telling through film, and making improvements to Hospitality and Tourism Management teaching facilities.

Thank you for selecting the College of Micronesia-FSM as your institution of higher learning.
