GET READY FOR THE NEXT ACADEMIC TALENT SHOWDOWN

(Friday, May 4)

Faichuk students have already won 1st place in the 2014 and 2017 Academic Talent Showdown, and they want to win again! Last year two regions were only 4 points behind Faichuk — Southern Namoneas and Northwest. Can either one forge ahead of Faichuk on May 4? What about NN or MK? We shall see....

The showdown shall begin with lunch served at 11:30am-12noon. Then, at 12 noon sharp, the competition will commence. Questions — easy, middle, and hard — will be asked, and students, by region, must answer correctly. Points will be given to the regions with correct answers. Instructors have already submitted questions from their final exams. In effect, the showdown is an opportunity for students to prepare for their finals.

Students, get ready, study hard, and answer all questions in the Showdown! ☺

DELICIOUS TOMATOES & FRAGRANT GARDENIAS

Do you know Norman Emanuel?
He is our tomato and gardenia man!

He works at CRE, and he has been helping us in our Campus Clean-Up and Beautification: tomato seedlings from CRE for the SBA garden, as well as gardenia cuttings along the front fence of our campus. Thanx! ☺

OUR 25th ANNIVERSARY CELEBRATION WENT WELL

Good times at Chuuk Campus come and go, and so our memories of the 25th anniversary celebrations are what we keep in mind. One day we will recall March 24-28, 2018, and what we all did during those days.

When asked to react, Campus Dean Kind Kanto said on March 30, *“What can I say? Our College Fair activities were not perfect, but they were great and we were great, faculty, staff, and students — another evidence of how great, good, beautiful, and successful we could be when we put our heads, hearts and hands together. My sincere appreciation to all of you for making our day very successful. Thank you so very much.”*

All COM-FSM campuses had their own celebrations, and Chuuk Campus began first. We started off with the fishing derby from the seawall on Saturday, March 24. The over-all winner was the dean himself. The celebrations included campus clean-up, food sale, car wash, regional cooking demonstrations, sports tournament, cultural performances, lots of fun and games, and two movies. We ended with the Spring Formal recognition of this year’s King and Queen. ☺

Sipwe Fengeni ne Angang

(Saturday, April 21)

That is what we do — **campus clean-up and beautification**. But it is more than just that. It is a “**guided pathway**” for “**student-faculty interaction**” and “**civic responsibility**”. Also, SBA did a **cook-out** — free lunch for participants. It ended well — very well — thanks to those who showed up, especially the 25 students. They cared. It is the first step of “**sipwe fengeni ne angang**”. ☺

MESEISET'S STUDENT OF THE YEAR

(School Year 2017-2018)

Meseiset takes this opportunity to recognize a student as “Student of the Year”. He is RYIAN RAYMOND.

Ryian has not only been the SBA president this school year but also demonstrated full well his commitment to both student affairs and campus-wide excellence. None did what he did in greater abundance. ☺

Chuuk Campus SBA Officers (2017-2018)

Finally, we have a group picture of all six of our SBA officers for the school year 2017-2018. Do you recognize Ryian and Ioster?
