47	it was good, when there are may people from each department present to assist. still the line was long and we still need enough people to help sometimes in one place is fast and others the line become long and we need to wait. students need to learn how to select their course before the registration so they won't make us wait. also need to learn how to resiter online so it will make things easier. thank you.	9/1/2016 1:49 AM
48	Over all, the registration process was good but it could have been better.	8/28/2016 9:02 PM

56	Everything went well, except business office folks need to improve their customer service, especially to new students like me.	8/2/2016 10:34 PM
57	The positive things that I observe about registratation here is that the staff members are helpful and they do their best on helping the students to register early. And the negative about it is that they are low on the number of staff members and it takes a little bit longer to finish. Th e time of register starts at nine o'clock but when we came, there is no one there to help with the other staffs and the clock is past nine already.	7/29/2016 4:20 PM

64	it goes fair and square...	7/7/2016 3:31 PM
65	Well, As I've been here at PNI Campus in one year. And the thing or person that make me feel uncomfortable during the registration was/is Rita Inga or the lady...Because she's so slow in doing the Activation or whatever...and also not in the good mood for some students...Some students said that she do things to the students...UNFAIR!!! She eagerly help her relatives or the people from her community first...I don't like this kind of personality thing for everyone is doing their best so please... Let's build this out...	7/7/2016 9:57 AM
