Laboratory		x		=		=	
Workshop		x		=		=	
			Total Semester		Credits		3

Purpose of Course:

Degree Requirement	<input checked="" type="checkbox"/>	
Degree Elective	<input type="checkbox"/>	
Certificate	<input type="checkbox"/>	
Other	<input type="checkbox"/>	

Prerequisite Course(s):

Signature, Chairperson, Curriculum Committee

Date Approved by Committee

Signature, President, COM-FSM

Date Approved by President

I. LEARNING OUTCOMES:

Program Learning Outcomes

Upon completing the degree program, the student will be able to:

1. Demonstrate basic knowledge of the foundations and concepts related to early childhood education.
2. Demonstrate familiarity with a variety of instructional strategies for preschool students.
3. Demonstrate basic knowledge in the following areas: art; child abuse and neglect; nutrition, health and safety; math; infant and toddler care; and interrelationships between the family.

Course Learning Outcomes

A. General:

1. Demonstrate understanding of the historical roots of early childhood education.
2. Become familiar with the different early childhood program models.
3. Demonstrate understanding of the basic components of early childhood curriculum framework.
4. Demonstrate understanding and application of assessment procedures appropriate for young children (ages 3-5).
5. Demonstrate understanding of the issues in program management, teachers' roles and parent involvement.

B. Specific:

1. Examine historical roots of early childhood education.

Student Learning Outcome	Suggested Assessment Strategies
1a. Explain John Dewey's philosophy on progressive education.	1a. Student submits a written summary of John Dewey's philosophy on education.
1b. Identify and explain the works of Margaret McMillan and Maria Montessori in physical education.	1b. Student conducts Internet search and submits a written summary of the works of Margaret McMillan and Maria Montessori in physical education.
1c. Explain the origins and philosophies of kindergarten, nursery school, childcare and ECE programs.	1c. Student develops and submits an outline of the origins/philosophies of kindergarten, nursery school, childcare and ECE programs.
1d. Investigate the development of programs for young children in existence today in the Pacific region.	1d. Student submits a written description of early childhood education programs currently available in his/her community or state.
1e. Explain behavior modification and provide examples of programs using behavior modification.	1e. Student prepares and submits a written report on behavior modification with examples of programs using behavior modification.

1g. Explain the theories of play.	1g. Student develops a scheme to include playtime as an integral element of a subject activity.
-----------------------------------	---

2. Become familiar with the different early childhood program models.

Student Learning Outcome	Suggested Assessment Strategies
2a. Identify and explain the goals of early childhood education program.	2a. Student summarizes in writing the goals of an early childhood education program.
2b. Demonstrate understanding of community needs, staff licensing needs and requirements, teacher roles and parental involvement in an early childhood education program.	2b. Student attends one or two meetings of early childhood education program in the community.

V. INSTRUCTIONAL MATERIALS/EQUIPMENT AND COST FOR THE COLLEGE

Usual instructional materials will be used in the classroom: whiteboard, dry-erase markers, computer lab and Internet.

VI. METHODS OF INSTRUCTION

1. Lecture
2. Discussions
3. Guest Speakers
4. Films and video tapes
5. Others as instructor may see fits.

VII. EVALUATION

Students will be evaluated based upon their achievement of the course objectives or identified learning outcomes by way of classroom exercises, homework assignments, periodic quizzes and examinations, and writing projects. Students' grades will be computed following the grading system of the college and to be specified by the instructor in the course syllabus.

Grading Scale

A	90%-100%
B	80%-89%
C	70%-79%
D	60%-69%
F	Below 59%

VIII. CREDIT BY EXAMINATION

None

IX. ATTENDANCE POLICY

COM-FSM attendance policy will apply to this course. Students who are absent for more than six MWF classes, or more than four TTh or summer classes, will automatically be dropped from the course.

X. ACADEMIC HONESTY POLICY

COM-FSM academic honesty policy will apply to this course.
